International Exhibition Contractors

To whom it may concern

Mike Burrell has worked for Merlin Display since April 1992 when he joined us as a stand fitter.

His technical skill and organisational ability soon became evident and he was put in charge of running individual projects, arranging stand preparation, transport and build-ups both in this country and abroad. He was also given responsibility for dealing with clients and handing over completed stands on site.

He quickly developed into a key member of staff and was eventually appointed Contracts Manager with overall responsibility for production and installation of stands, work scheduling, stock management, transport and staffing.

Mike is hard working and conscientious. He is well liked both by clients and his own work colleagues. He is very patient and always calm, even in trying circumstances and has a good sense of humour.

He has developed into a highly valued member of the management team.

We are naturally very sorry to see him leave but fully understand his wish to return to New Zealand. We wish him all the best in the future.
